PRESIDENT'S REMARKS

Bill Lykins

The WPPOA annual meeting of September 11, 2012 has come and gone, leaving us with the election of three board members. Pat Shippey was re-elected for a second term. Pat's contribution as treasurer has been outstanding and will add continuity to the treasurer position. Larry Wittenmyer and Jerry Hughson were elected to fill the remaining two vacancies. We want to welcome Larry and Jerry to the board. They both bring a wealth of experience that will be an asset to the WPPOA.

The WPPOA board extends its thanks for a job well done to the departing members Bill Bower and Bob McCann. They will be missed and we wish them the best.

On September 12, 2012, Melanie Brock and I attended the latest SCDOT update of the Silver Bluff widening project. Very little has changed since the last update. They seem to be ready to proceed with final plans for the road to be widened from Richardson Lake Road to Indian Creek Trail. This will provide for two driving lanes with a median and turn lanes. Some additional right of way will be required. We have requested a meeting with SCDOT to determine what effect this will have to our main entrance. Hopefully, there will be very little impact. My guess is that nothing will happen with this project prior to 2014.

You may have noticed the motorcycle storage facility built by Woodside Development Company has been completed. It looks good and is now operational. We are told that most of the area available is now occupied. Thanks for the understanding and cooperation of all concerned parties.

C.E.E.C. (COVENANTS)

Mike Sims

What's good for the Goose is not necessarily good for the Gander

Well, the proposed amendment to implement a very limited control over lease/rental agreements failed to pass by 1.5% of the votes cast.

As I stated in my prior newsletter, the intent of the failed amendment was to protect the aesthetic and economic interests of the community at large and specifically, to protect the property owners surrounding a residence which is in constant violation of the Covenants by giving the POA another avenue for protecting those property owners' interests.

Basically what was being proposed in the amendment was to insure that:

1. Lease/Rental Agreements were to be for a period not less than 6 months
2. Only one family could occupy a lease /rental property
3. The lessor provide the lessee with a copy of our Covenants
4. When the lessor failed to resolve a Covenant violation, the POA would have the authority to interact directly with the tenant.

In all cases, the POA Board would have had the authority to exercise discretion in those cases where conditions/events might impose an undue burden on the lessor.

No Good Deed Goes Unpunished

And as you can probably guess, the first complaint the POA received after the Annual Meeting was a Covenant violation from the occupant of a rental property – more than likely due to the lessee not having knowledge of our Covenants.

If the Board can be convinced to do so, the proposed Lease/Rental Amendment to our Covenants will be on the 2013 Annual Meeting Agenda. See y'all next month!

COMMON AREA LANDSCAPING

Nancy Hughes

You may have noticed that the grass is being cut very short in the common areas. This is deliberate. Our landscaper is preparing the areas for winter rye overseeding.

Walking Trail Group

Jim Pierce

The Woodside Trail Group invites all residents of Woodside Plantation and their guests to attend our annual Hollow Creek Ramble on Saturday, October 27. We will have refreshments at the halfway point. Meet at the parking lot at the end of Commonwealth Way in the Hollow Creek area of Woodside for an easy walk to Anderson Pond Road and back. The distance is about 3 miles. The meeting is 2:00pm. Hike leader is Jim Pierce (649-2810). Call if you have any questions. If it rains the walk will be postponed.

ARCHITECTURAL REVIEW BOARD

Dee Clark

Screening for Landscapes and Hardscapes

It seems as though our home landscaping plantings either flourish or flounder depending on Mother Nature. Since fall is a great time to plant, we felt a review of our guidelines' requirements for screenings would be appropriate.

Whether you are just building or are evaluating your current home site for upkeep, the guidelines suggest open areas under porches, decks and carports must be properly screened on all sides. The ARB's recommended screening for decks and porches is with wood lattice or other approved material that is compatible with the house color. It is further recommended that mature plantings be added for a quality look. The ARB, at its sole discretion, may allow homes built on home sites with steep grades to have open space under the rear decking; however, no storage will be permitted within these unscreened areas.

All pool equipment, hot tubs and Jacuzzis must be screened completely from view... that includes the neighbors, the golf courses, the street and the public.

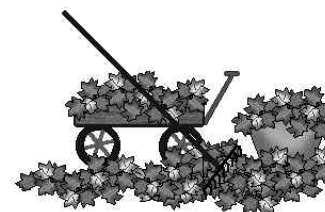

Satellite dishes must have their supporting poles screened with buffer plantings such as spreading evergreens to minimize the impact of the dish's height.

HVAC units are to be adequately screened. Lattice, brick or other appropriate materials compatible with the exterior of the homes may be used instead of plants. Plants can be smaller if lattice is in place. The preference is to have both. If plants are used for screening they must be of substantial size and variety that they will adequately screen the HVAC completely in one year.

Utilities and meters on or close to the structure must be screened from the street and golf course but not necessarily from the neighbor. This is due to a utilities requirement to be able to read the meter.

Service areas for heat pumps, air conditioning compressors, or other miscellaneous storage should be adequately screened and located as remote from adjacent properties as possible. Moreover, service yards for trash receptacles are to be screened on two sides and must have a gate to fully enclose the area. Architectural screening of such elements should be totally integrated with the design of the residence.

Let's make sure our screenings are doing their job. If your plantings meant for screening are not adequate, consider replacing them with more mature, healthy and attractive ones.

TREASURER'S REPORT

Pat Shippey

Some Good News

Total income through the end of September exceeds by \$6,600 the total annual budgeted income.

- The decrease in interest income is being offset by increases in decal and barcode sales. (It must be due to those new cars you see your neighbors driving!)
- Expenses in all categories continue to be under budget.
- The excess revenue has allowed us to cover the cost of this year's portion of the four year landscaping strategic plan and the digitization of all ARB plans without having to dip into the undesignated reserve accounts.

A new survey of CD rates offered by the banking institutions in the CSRA was recently completed as our two remaining CD's are maturing in November and December. The current published rates would require investing in a three year CD to get the same rate as a money market account. With significant road repairs looming in the next couple of years, reserve funds need to remain more liquid. We will continue to monitor the rates as the maturity dates get closer.

SECURITY

Bob Christopher

Halloween Safety

Universal Protections Services shares with us the following safety tips for keeping little ones safe this Halloween. Following these steps can help ensure everyone has a fun and exciting holiday.

- Make sure children’s costumes are flame retardant and provide adequate vision. If they’re carrying props, check that the edges are flexible enough to avoid injuries.
- Have an adult or responsible teen accompany children. If they’re going without you, ensure they’re traveling with a group and agree on a time for them to return home. Provide a watch for them to wear to keep track of the time.
- Fill kids up with dinner before they leave, which will make them less likely to snack on their candy before you have a chance to look it over.
- Give children a flashlight to carry and instruct them to approach only houses with lit porch lights. Consider having them take along an I.D., which includes their home address

and telephone number.

- Apply reflective tape to children’s costumes and bags. You might also want to consider glow-in-the-dark makeup.
- Remind children to stay on sidewalks, walk facing traffic and never cross the street between parked cars.
- Be careful with the little ones when carving pumpkins. Small children should never handle knives but they can get involved in the fun by drawing a face on the pumpkin or scooping out the insides.
- Use caution while driving – stay alert and watch for children running in the street.
- If you plan to display pumpkins or candles in the area where you’ll be handing out candy, set them far enough out of the way to avoid fire or injury.
- Explain to children the difference between tricks and vandalism. Throwing eggs at a house may seem like fun at the time, but they need to understand the consequences that causing such damage will cost themselves or their parents.

STREETLIGHTS/SIGNS, RV AREA, POA FACILITIES**Larry Wittenmyer**

As I write my first article for the WPPOA newsletter, I have very little to tell you because I haven't yet attended a board meeting. First, thank you to all who supported my candidacy. I'll try to do a good job representing the homeowners of this fine community.

Part of my new responsibilities includes the POA facilities. This includes the horse barn, which has been without horses for some time. We are looking to change that situation and I will be pursuing several opportunities to put this asset back to work. If you have any suggestions for the barn and its surrounding land, please let me know. My first priority is to attract more horses, but there may be other uses that would be equally appealing.

My other areas of responsibility are street lights, signs, the RV parking site and the garden center. If you see street lights or signs that need repair/replacement, please call the POA office and we will take the appropriate action. As I learn "the ropes" of my new job, I'll have more to report in future articles. See you next month.

DEVELOPMENT COMPANY**Diana Peters****GRAND OPENING - Village Health & Wellness Center!**

The Village Health & Wellness Center began a series of grand opening events with a Preview Party on October 6, 2012. A Grand Opening Celebration is scheduled for Saturday, November 3, 2012 which will be open to the public. Personal trainers and group fitness instructors will be offering an overview of the classes and facilities and workshops featuring integrative health solutions and health assessments are also planned.

Membership enrollment is underway with interest in this new facility building every day. Members who enroll before November 1 will be able to use equipment and participate in classes on a limited basis as the staff and instructors prepare for the public Grand Opening Celebration on November 3. Since membership dues will not begin until November 1, this is a great opportunity to test some classes and learn which fitness options, services and activities interest you most! In addition, staff will be available for personal tours by appointment on Tuesdays and Thursdays from 4 until 6 p.m. throughout October.

Special introductory offers, including memberships with a portion of fees paid by the developers of Woodside are available until November 1, 2012. For membership information, to schedule a tour or RSVP for the Grand Opening Celebration, please call Vivien Anne Bunce at 803-617-0876 or e-mail Vivien at Vivien@villagehealthandwellness.com.

ANNUAL FAMILY FALL FEST – Benefiting Aiken SPCA

Join us at The Village at Woodside on Saturday, October 20 for a great day of family fun. The annual Village Family Fall Fest begins at 11 a.m. and lasts until 5 p.m. Fun-filled events for every member of the family, including the 4-legged ones, include art exhibitors, costume parade, pet costume contest, Women of Woodside Bake Sale, Nathan's Famous Hot Dogs, Bruster's Real Ice Cream, inflatables, face painting, cotton candy and much more! The event benefits Aiken SPCA who will be on site hosting pet adoptions and a supply drive. This year's event is especially important in light of the recent closing of a local puppy mill which resulted in Aiken SPCA receiving 50 additional dogs and puppies.

Visit www.thevillageatwoodside.com for entry forms for the pet costume contest. Entry forms are also available at the Woodside Development office. Artisans interested in exhibiting and selling their talent should call Kenneth Brodie at 803-645-6270 to be considered. Come out, enjoy the festivities and help make this year's event even better for our local homeless pets!

LAKES & DAMS

Jerry Hughson

Before I start my "Lakes & Dams" comments in this month's newsletter, I want to thank Bill Bower for his service to the residents of Woodside by serving on the WPPOA board, and for taking on the responsibility of Lakes and Dams. Great job, Bill, and from what I am hearing, I have "large shoes" to fill!

I also would like to thank all of you reading this for your votes in the election. I will do the very best job I can, and I welcome input from all residents of Woodside.

Also, special thanks to our "fishing guru" Ken Ziomek for his continuing work making fishing a fun and safe event for all our Woodside fishermen.

The lakes and dams in Woodside are one of those things that we all see just about every day as we drive in and out of Woodside, through neighborhoods, and for some of us, as we are leaning over the side of a pond or lake looking for the golf ball we just hit into the water (I wonder how many golf balls are in our waters!) Many of us (me included) probably take our lakes for granted, not realizing the work that goes into maintaining, inspecting, and correcting problems found. My first order of business is to meet with our "lakes" contractor and our volunteer fishing guru to learn what happens behind the scenes, tour the lakes and dams, then continue to do what is necessary to keep our lakes and dams beautiful, functional and safe. I look forward to it. Thanks again, and I'll see you next month!

Fishing

Congratulations to Jerry Hughson, the new Lakes and Dams Director on the POA. I was just starting to understand that, when talking to the former director Bill Bower, a rope was a line, a propeller was a screw, and that you shouldn't tie a knot unless you know its proper name. Bill was great to work with and I know I'll also enjoy working with Jerry.

With the arrival of fall weather, our lakes' waters have cooled to the mid 70's and fishing is improving. There still is time to beat out Bill Drzyzga in the Big Bass competition and to beat out my lead for the Colossal Crappie for 2012. Ken Ziomek - ziomekk@bellsouth.net or (803-649-9842).

**Dan's Peach Stand • Bud's Peach Stand
September 2012 Update**

We hope everyone is well. Dan and I are in Madison, WI for the international short course on dairying. We left Johnston Thursday and drove up past Charlotte, NC. Since we didn't need to be in Madison until Sunday PM, we went north on I-77 headed for Ennice, NC where Bottomley Farms, growers of pumpkins and Christmas trees for Home Depot, is located. I made a wrong turn at the Elkin, NC exit and instead of going north on US 21 we went west on NC 268. That happened around 6:30 AM and I didn't realize it until we were halfway to North Wilkesboro. Turns out that was a good mistake. Once the sun came up, the scenery was beautiful! The leaves were just starting to turn. From Wilkesboro, we drove north on NC 18 and then east on the Blue Ridge Parkway. We had lunch in Sparta NC and met some really nice people. The Sparta area has a lot of small farms and a few big pumpkin and Christmas tree operations. The local high school was having their homecoming game that night so the town shut down for the 1 p.m. parade. Sparta is as close to the fictional town of Mayberry as any town I can remember being in (Mt Airy, Andy Griffith's home town, is not far away). We would have missed so much had I not made a wrong turn!!

We meandered thru the mountains, winding up in Marion, VA, where we finally got a cell phone signal. From Marion we drove to Corbin, KY. Corbin is next to London KY, the birthplace of Kentucky Fried Chicken. We got up early Saturday morning and headed to St. Louis, traveling thru Lexington, and Louisville, KY. About sixty miles out of St. Louis, we pulled off the interstate and Dan noticed a peach orchard!! We tracked down the family that owned it and found they used to be dairy farmers!! We had a good visit with them. We made it to St Louis at sun down, visited the Arch and drove on to Madison.

The international short course on dairying has really been great. We are in a nice group that has people from Bangladesh, England, Ecuador, Quebec, Brazil, and China. All of them speak English, but we are the only ones that speak "Southern."

Bud and I will be going to Moultrie, GA in two weeks for the Sunbelt Ag Expo. This will be our second trip to Moultrie together. Rick Catts will once again use Bud's location to sell pumpkins, mums, and Christmas trees this year. Hope to see you soon!!!

Family Fall Fest Bake Sale

Don't forget to buy your goodies at the **October 20** bake sale, which is part of Woodside Development's Fall Fest. We'll be under the tent at The Village at Woodside from 11 a.m. to 5ish p.m. Just follow the aroma of home-baked goods. The proceeds from this sale go to the SPCA. If you get this newsletter before the bake sale, there is still time to fire up the oven and bake a coffee cake or brownies or dog biscuits (recipe available--for the biscuits, not the people eats).

Angels/Operation Santa

If you're attending the **October 26** luncheon, be sure to pick up your holiday angels. Once again, we're supporting the Children's Place, Operation Santa of the Mental Health Association, the Salvation Army and the Council on Aging. If you miss the luncheon, please contact one of us for information on how to get your angels.

It's Spooky to Be Hungry

Our month-long food drive for the Golden Harvest Food Bank is in full swing. We've placed the barrels in the Woodside and Reserve Clubs and at the Woodside Development Office. No glass items or baby food please. Giving money instead of food is also a welcome gesture. **Golden Harvest can turn \$1 into \$5 when they buy food!!!!** Wow! That's good shopping, yes? Give your check to Gini Sayers at the Reserve Club or Gerri Johnson at the Woodside Club. Or, you can drop it off in the basket on the porch at Lenaya's house (188 Pink Dogwood Circle). Tax-deduction Ghost receipts are available.

Additional Community Service Information:

A Note to Nikki Haley Luncheon Goers: We're really asking you to multi-task here. This is going to fill up that box on your calendar: Please--carpool, if possible; drive up and drop off your canned goods for Golden Harvest at the door; and, once inside, pick up an Angel/Operation Santa tag. Real, live angels will be waiting to help you.

Okay, important information

Woodside Scrabblers

Our third season of Scrabble is getting ready to kickoff with our first game taking place in late September.

We will play on the second and fourth Tuesdays of each month at the Reserve Club starting at 9:30 a.m., with many of us staying to enjoy a delicious lunch and outstanding company at the Club after our games. Please note that you do not need to be a member of the Reserve Club to play or stay for lunch - non-members can use a credit card to pay for lunch. Membership in Women of Woodside is required.

Emails are sent out in advance of each play day to confirm details and collect headcounts. We start each play day by drawing table numbers to mix up our tables. We play by standard Scrabble rules, occasionally learn new words and always have a lot of fun!

You can contact Alice Ingreem at humantics@aol.com (put 'Scrabble' in the Subject Line please) or at 803 514-2801 for more information
